ThingMagic
A DIVISION OF TRIMBLE

CERTIFICATE OF COMMERCIAL PRODUCT CONFORMANCE TO RoHS REQUIREMENTS

April 28, 2015

The European Union and China have issued directives that restrict the use of certain hazardous substances in electrical and electronic equipment and also for the handling of waste from this equipment. These directives are generally known as the EU RoHS and China RoHS directives.

This letter is to communicate to our customers that as a producer of components for electrical and electronic equipment for the European and Chinese markets, the ThingMagic division of Trimble Navigation Limited is expected to comply with these directives. Trimble is committed to doing business with environmentally responsible suppliers and as such expects its suppliers to comply with all applicable laws, regulations, orders and policies in providing products and services to ThingMagic.

Based on our supplier certifications and product material testing, it is our belief that Trimble's ThingMagic products listed below comply with Annex I of the DIRECTIVE 2011/65/EU OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 8 June 2011 and China RoHS directives regarding hazardous substances including:

Cadmium (Cd)
Lead (Pb)
Mercury (Hg)
Hexavalent chromium (Cr)
Polybrominated biphenyls (PBB)
Polybrominated diphenyl ethers (PBDE)
